

# Laboratory Analysis Committee Training Session

Friday, April 13, 2018 11:00 AM  
Akron Water Reclamation Facility  
2460 Akron Peninsula Rd  
Akron, OH 44313

The Laboratory Committee is pleased to announce an upcoming training session, to be offered free of charge, at the Akron WRF. This session will be valid for 3.25 contact hours pending approval. A light lunch of sandwiches and refreshments will be provided, but feel free to bring your own lunch as well.

11:00 AM	Sign-in and opening remarks
11:15 AM	<b>Control Charts</b> <i>Marcy Bolek, Alloway</i>
12:15 PM	LUNCH BREAK
12:45 PM	<b>Understanding Nutrients – Nitrogen Cycling, Phosphorus Species, and Wastewater</b> <i>Denice Johnson and Paul Skerl, NEORS</i>
2:15 PM	BREAK
2:30 PM	<b>Demonstration of the AT600 Sonde</b> <i>Sandra Thomas-Fox, InSitu</i>

Please enter the plant via the south gate and park at the first lot. The training will take place in the training facility directly adjacent to this parking lot. Please follow posted signage for further details. Alternatively, call 330-375-2963 extension 7123 for assistance. We hope that you will be able to join us!

The next voluntary wastewater laboratory analyst certification exam is to be held on April 20th, 2018. The application deadline for this exam is fast approaching at March 23rd, 2018. Study guides for all levels of the examination are available for a \$20.00 fee.

To order a study guide, contact either Tom Zocolo via [tzocolo@akronohio.gov](mailto:tzocolo@akronohio.gov), or Kathy Richards via [krichards@akronohio.gov](mailto:krichards@akronohio.gov). For further information and to apply for the examination, please visit the following URL: [https://www.ohiowea.org/lab\\_analysts.php](https://www.ohiowea.org/lab_analysts.php)
