Hilton Columbus Downtown

August 27-30, 2018

Greater Columbus Convention Center

Call for Papers – Abstract Submission Opens October 26th

Visit www.onewaterohio.org to submit your Abstracts Online by Friday, February 2, 2018

We are excited to develop a technical program for this joint OAWWA/OWEA conference. The water and wastewater industries both face similar challenges with new and current regulatory requirements as well as development of emerging technologies and industry practices. Efficient, cost-effective operation and maintenance of our aging infrastructure is at a premium for our water and wastewater providers.

We are looking to provide our members and conference attendees with a unique opportunity to gain professional development and educational opportunities for both industries at one time. We have selected the technical tracks (listed right) for our concurrent technical program to cover the educational goals of this joint conference.

We are only accepting on-line submissions of abstracts in order to streamline the submission process and gathering of your information. Visit www.onewaterohio.org to submit an abstract. Please remember to provide concise information and submit the required abstract (600 words, submitted in either Microsoft Word or PDF format) and biography information. This information will be used to review and select presentations for the conference technical program.

Presentation time slots will be 30 minutes long. Actual presentations should be 25 minutes in length with 5 minutes allowed for questions.

Once again, we are excited about this unique opportunity and look forward to an excellent technical program.

Technical Program Co-Chairs

Robin Rupe, NEORS, rupe@neorsd.org

Fred Smith, CDM Smith, smithfj@cdmsmith.com

TECHNICAL TOPICS

- Asset Management
- Customer Service
- Drinking Sourcewater
- Energy Efficiency/Sustainability
- Green Technologies
- Lab
- Leadership
- Maintenance
- Management
- Operations
- Pretreatment
- Regulatory
- Residuals/Recovery
- Stormwater
- Utility Management
- Wastewater Collections
- Wastewater Treatment
- Water Distribution
- Water Treatment
- Workforce Development
