

Dear Wastewater Analyst

Your OWEA Voluntary Wastewater Analyst Certification will expire on **December 31, 2011**. The last renewal was in 2009 and is on a two year cycle. All certificates are on the same schedule, therefore if your certificate date is in 2010 or earlier, you need to renew for 2 years by submitting **\$25.00**. [i.e. Certificate Number is 4-10-02 – needs to renew]

To renew your certificate, you will need to submit the bottom form with your check or money order payable to the **OWEA**. **Renewals will not be processed without payment.**

Unfortunately, if you do not renew by **January 31, 2012**, you will be required to submit **\$95.00** to re-instate your certification. Exceptions will only be made in extreme circumstances.

Email questions to: oweastatelac@yahoo.com

Thank you,

Eva Hatvani
Lab Certification Program Director

RENEWAL FORM
THE DEADLINE IS JANUARY 31, 2012.
