

**84<sup>th</sup> Annual Meeting  
June 14-17, 2010  
Columbus, Ohio**

Dear OWEA Supporter,

Please consider sponsoring the Ohio Operations Challenge contest, with the concurrent Hands-On Operator Training Day, and the winning teams' travel and competition at WEFTEC in New Orleans. If you have supported us in the past, we once again thank you for your support. This is a mutually beneficial endeavor showing that you support the Water Environment Federation, the Ohio Water Environment Association, and the operators who operate the plants that you design, or perform their work with the products that you sell.

2010 is the second year the Ohio Operations Challenge event will be held as a separate function away from the State Conference. Last year's inaugural stand alone event was very successful and highly evaluated. If you sign up before **May 1st** to be a corporate sponsor of the Ohio Operations Challenge, your company will receive the maximum benefit for your contribution. Donors prior to May 1st will be recognized at appropriate levels: **Gold, Silver, and Bronze** at the state event held on May 18th, 2009, at the Allen County Sanitary Engineering Department in Lima, Ohio. Available sponsorship levels are:

- **\$2500 (Gold) Company Logo on WEFTEC Team Hardhats (2 available) and name on back of shirt, recognition as Gold Level Sponsor on Ohio contest T-Shirts, given out as part of the registration for the event and all signage. Recognition for provision of the lunch and awards ceremony as part of the Ohio contest.**
- **\$1500 (Silver) Company Logo on WEFTEC Team Shirt Sleeve (4 available) and name on back of shirt, recognition as Silver Level Sponsor on Ohio contest T-Shirts, and all signage. Recognition for sponsoring one of the events (collections, process control, laboratory, or safety).**
- **\$500 (Bronze) Company Name on Back of WEFTEC Team Shirt recognition as bronze level sponsor on Ohio contest T-Shirts, and all signage.**
- **Individual Donation**

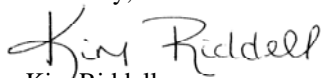

**All sponsors will receive recognition in the OWEA Buckeye Bulletin and on the OWEA website, [www.ohiowea.org](http://www.ohiowea.org)**

Your contributions will go towards assisting with the teams travel expenses incurred representing Ohio in the national Operations Challenge Event during WEFTEC in Orlando. Sponsoring the event gives your company exposure on the exhibit floor and on teams that traditionally have drawn national attention as being in the running for the overall title for the past 4-5 years. At the same time, your business is recognized as supporting Ohio's operators. Again, we sincerely thank you for your contributions and look forward to seeing you May 18th at the Lima County Sanitary Engineering Department or October 4<sup>th</sup> & 5<sup>th</sup> in New Orleans during the Operations Challenge event helping us cheer on Ohio's teams!

Because of deadlines to coordinate graphics and shirt printing, we must establish a cut-off date of May 1st for any contributions that will result in being recognized on the Ohio contest shirts. Of course after that date, you may still contribute to the winning teams' travel to WEFTEC and be recognized on the teams shirts and hardhats. **Please return the form on page 2 with your check to: OWEA, 1890 Northwest Blvd., Suite 210, Columbus, Ohio 43212.**

Thank you for your consideration.

Sincerely,

Kim Riddell

Operations Challenge Coordinator, Ohio Water Environment Association
