- ◉ Click “submit”
- ◉ Congratulations!
- ◉ You now have an eBiz account

# Obtain a PIN

- To submit the eDMR, you must now request a pin
- The PIN (personal Identification Number) is your electronic signature
- You will also need this for the Operator Certification section of eDMR

- Once you select pin request, the screen will populate according to the information already in your account.
- Verify this information is correct
- You will need to generate 5 security question/ answer pairs at this point
- Click submit

- A new window will appear, containing a pdf of the Subscriber Agreement instructions and form. Print these out.
- Complete the form ( it will need to be notarized) and mail it to the EPA
- The request should be processed within 5 business days (allow time for mail delivery)

- You will receive email notification once your PIN has been approved. The actual PIN from the EPA will be mailed to you
- Once you receive the PIN, log into eBiz and click on activate PIN. Enter your PIN and answer one of the security questions that will pop up.

## My Tasks (1)

| Name ▾        | Status ▾ | Created ▾           | Action               |
|---------------|----------|---------------------|----------------------|
| PIN Activated | Active   | 10/15/2008 14:41:53 | <a href="#">hide</a> |

For the latest Ohio EPA news check out our [home page](#).

- If you aren't submitting report, you don't need the PIN
- You will have a designation as a preparer, not certifier in the system.

- Request a service to gain access to the state report forms
- Click on request next to the service you need access to
- Next you will need to search for and locate your facility in the system
- Click Add facility to activate the search function

- One of the easiest ways to locate the facility is to search for the NPDES #
- If you know the facility core ID, you can search for that
- Click on the core ID when the facility comes up
- Click next

- 
- Complete the form that pops up, and click submit
  - If the EPA needs to determine if you have reporting authority, you will need confirmation from them before continuing
  - If your facility already has someone designated that can delegate, you will need to wait for them to authorize you

- First user from your facility will need EPA authorization to complete the request service authorization
- If your facility has someone that has DRO access, they can authorize how much access you have to the service

# Preparing the report

- Log into eBiz
- Click on eDMR
- The following screen will appear

Discharge Monitoring

- Create New Reports
- Edit an Open Report
- Submittals/Revisions

## Welcome to the Environmental Electronic (E2) Reporting System!

The E2 system allows facilities regulated by the Ohio EPA Division of Surface Water (DSW) and Division of Drinking and Ground Waters (DDAGW) to submit reports electronically.

The Electronic Environmental Reporting System is comprised of three modules:

- eDMR - Discharge Monitoring Reports - for Surface Water (NPDES) permits - individual, general, and indirect discharge
- eDWR - Drinking Water Reports - for Drinking Water Analysis (SSRs) and Monthly Operating Reports (MORs)
- Credible Data - Credible Data (Volunteer Monitoring) Reports - for approved surface water Credible Data Projects.

## eDMR

The eDMR module allows users to create and submit Discharge Monitoring Reports (DMRs) formerly referred to as Monthly Operating Reports (MORs).

### October DMRs are Ready !!! .....as of 10/1/2016, 8:00 PM

Blank DMRs have been generated for October 2016.

#### Internet Explorer (IE) Compatibility Setting Adjustment

1. Open your Internet Explorer browser
2. Click "Tools" (Press "Alt" if you don't see the top File, Edit, View, Favorites, Tools and Help menus.
3. Select "Compatibility View Settings"
4. Check the last checkbox "Display all websites in Compatibility View" (some may have to check all boxes if this doesn't work)
5. Add "ohio.gov" to the list of sites in compatibility view, click "Close"
6. Click "Tools" from the menu, Select "Internet Options"
7. Click "Delete", Check top 4 boxes, click "Delete"
8. Click "Settings", Bubble "Every Time I visit the webpage", Click "OK"
9. Close IE and open a fresh one up and check if it's fixed.

#### Microsoft Edge (Windows 10) Compatibility Setting Adjustment

To date, no known compatibility issues exist - please report any issues to the administrator. Edge is a light version of Internet Explorer, if you would like to go back to using Internet Explorer (IE) just change your computer's default browser. Click "Start, All Apps, Windows Accessories" and use Default Programs to set IE as the default browser instead of Edge.

#### Firefox Compatibility Setting Adjustment

When you click CREATE NEW REPORTS you may get an on-screen error message. If so, click the shield icon that appears to the left of the address bar (i.e., the website address bar at the top of the screen - the shield appears just to the left of https://...). Under OPTIONS, select "Disable protection for now". The screen will refresh and the link should work. This issue began in February after a Firefox software auto-update.

#### Google Chrome Compatibility Setting Adjustment

When using Google Chrome you may find that when you click on "Create New Reports" (or Submittals/Revisions) that nothing happens. If this occurs, look to the top right of your screen for a SHIELD ICON with a red "X" on it. Click this icon and click on Load Unsafe Script. eDMR will function as normal.

- 
- Click on create new report in the upper left hand box
  - A screen listing the reports available will appear

- Select the report you need to prepare, which method of preparation you plan to use:
- XML, Online entry, excel file
- I use Excel: download the file and save it with the appropriate month/ year title

- 
- I download the file as soon as it is available, and will enter data as we accumulate it
  - You can gather your data and enter it directly online, saving the file as you go

| 41  | 10/30/2016                                    |                 |                  |             |                        |             |                         |             |          |             |            |             |          |
| 42  | 10/31/2016                                    |                 |                  |             |                        |             |                         |             |          |             |            |             |          |
| 43  |   |                 |                  |             |                        |             |                         |             |          |             |            |             |          |

- By downloading the file, I can work offline, and can re-locate the spreadsheet to a station in the lab for data to be entered by others

# The “A” codes

- Use of AN for Friday creates an error, you must enter AH if you are required to sample daily and sample Sunday through Thursday
- Any “A” code other than AN or AA requires you to explain in the comment column next to the code

# Below detection limits

- Values below the detection limit must be entered in the proper format to avoid an error:
- AA (for none detected)
- ONE space after, then detection limit
- Detection limits less than 1 **MUST** be preceded by a 0 to avoid an error

- If your analysis is required to be completed daily – EVERY day in the column MUST have an entry, even if it is AN for holidays and weekends

- Your weekly values should fall within the different colored bands on the spreadsheet. These are set up to match the EPA designation for weeks: 1-7, 8-14, 15-21, 22-28
- The weekly sampling doesn't need to be conducted during the "bonus" days of 29, 30, 31...but your daily sampling does

# Submitting report

- Once your data has been completed in the spreadsheet, you will need to “upload” it
- Log into eBiz
- Click on create new reports
- Select the correct month
- Click on online entry
