CALL FOR EXHIBITORS

Industrial Waste Seminar Thursday, February 21, 2013

Location: Days Inn Conference Center
4742 Brecksville Rd.
Richfield, OH 44286
866-725-6115

REASON FOR BEING AN EXHIBITOR: The NESOWEA Industrial Waste Seminar typically attracts nearly 250 municipal, state, industrial and consultant personnel interested in industrial wastewater treatment. The fee remains the same for this year with similar format of a 3/4 hour break in the morning and a 1 1/4th hour during lunch for attendees to visit exhibitor booths. The exhibitor area will close after the lunch break, as there is little time during the afternoon break. We will also have prize drawings for attendees that have visited all the booths. The 2013 seminar will include the following presentations: Ohio EPA Update, Exhibitor Presentation, Metals Treatment for Discharge Permit Compliance, Dealing with Settleability Problems & Filaments at Industrial Activated Sludge Plants, Lab Ethics, Whole Effluent Toxicity Analysis and TRE/TIEs, Managing Odors from a Heavy Industrial Wastewater Base in Massillon, Ohio and Legacy Mercury.

Exhibit Area: The Exhibit Area is located in the Heartland Room adjacent to the auditorium.

Space: Each space includes an 8' x 9' area with one 6-foot table and two chairs. Standard electricity is provided for most locations.

Exhibit Setup: Exhibitors are responsible for setup and removal of their exhibit booth material. You may set up the morning of February 21 between 6:30 and 7:30 AM. The exhibit area will be open until the conclusion of the afternoon break. All exhibits must be removed by 5:00 PM.

Registration: We will have room for 25 exhibits. The cost is \$150.00. This fee includes **two** exhibitor attendant registrations and lunches. Additional attendants (over 2) will cost \$40.00 for each registration and lunch. Exhibitor registration will also entitle you to seminar attendance. We are also requesting each exhibitor to bring a prize valued between \$25 and \$40 to be included in a drawing for all people that visit all booths. The industrial Waste Seminar brochure will be mailed to over 1000 wastewater professionals. We encourage you to register early.

Please log onto either ohiowea.org or nesowea.org and click on the registration link for the upcoming/featured event and enter your information to register to be an exhibitor.
