

Dear Wastewater Analyst

Your OWEA Voluntary Wastewater Analyst Certification will expire on **December 31, 2007**. The last renewal was in 2005 and is on a two year cycle. All certificates are on the same schedule, therefore if you got your certificate in 2006 or earlier, you need to renew for 2 years by submitting **\$25.00**.

To renew your certificate, you will need to submit the bottom form with your check or money order payable to the **OWEA**. **Renewals will not be processed without payment.**

Unfortunately, if you do not renew by **January 31, 2008**, you will be required to submit **\$95.00** to re-instate your certification. Exceptions will only be made in extreme circumstances.

Thank you,

Eva Hatvani
Lab Certification Program Director

RENEWAL FORM
THE DEADLINE IS JANUARY 31, 2008.
