

2025-2026

EVENT/NETWORKING SPONSORS NEEDED!!

The Southwest Ohio Water Environment Association (SWOWEA) is a dedicated non-profit organization committed to preserving and enhancing the water environment in Southwest Ohio. We are writing to invite your esteemed organization to partner with us through a sponsorship, supporting our vital work and demonstrating your commitment to environmental stewardship and community well-being.

SWOWEA serves as a crucial hub for water quality professionals, engineers, operators, and environmental enthusiasts across the region. Our mission is to provide education, professional development, and public outreach programs that promote sustainable water management practices, protect our natural resources, and ensure access to clean and safe water for all. Through workshops, conferences, technical presentations, and community initiatives, we strive to advance the science and practice of water quality management.

In return for your valuable contribution, SWOWEA offers a range of sponsorship packages designed to provide significant visibility and recognition for your organization. Depending on your chosen level of support, benefits may include:

- Prominent logo placement on our website and event materials.
- Recognition in SWOWEA newsletters and social media channels.
- Opportunities to showcase your products or services at our events.
- Complimentary registrations for SWOWEA events.

We believe that a partnership with SWOWEA would be a mutually beneficial endeavor, allowing your organization to reach a targeted audience while supporting critical environmental work in Southwest Ohio.

Thank you for considering this opportunity to support the Southwest Ohio Water Environment Association. Your partnership will make a tangible difference in protecting our precious water resources for future generations.
