**SWOWEA Young Professionals**  
**LUNCH & LEARN**  
*with Hayward Flow Control*

Wednesday, May 6<sup>th</sup>

12:00 - 1:00 PM

Black & Veatch  
9997 Carver Road, Cincinnati, OH 45242  
The Landings 1 Conference Room

---

Join us for a Lunch & Learn featuring a technical presentation from one of our group's own young professionals, Jared May with Hayward Flow Control! The presentation "The Importance of Strainers and Filtration" will highlight the importance of various strainers and how they function in municipal and industrial water treatment systems. Learn about material compatibility, selection criteria, and application examples from water and wastewater installations.

Lunch will be provided! 1.0 contact hours pending.

**Register by April 29<sup>th</sup>** at [ohiowea.org](http://ohiowea.org)
