

Dear Friends, Members, and Supporters:

The Northwest Section of the Ohio Water Environment Association (NWOWEA) and our Executive Committee are committed to providing water quality professionals with opportunities to share fellowship, network, and exchange knowledge.

The donations and support we receive from our Sustaining Sponsors, help the NWOWEA Section keep the cost for our section meetings and events affordable for our members. Our goal is to deliver quality presentations on relevant industry topics, while providing contact hours that are necessary for many of our members. The support of our Sustaining Sponsors is essential to achieving this goal, and helps us to continue to grow the section, which is greatly appreciated.

The cost of sponsorship is minor compared to the benefits of your company being recognized at NWOWEA section events, Section meeting flyers and in emails to our members.

Along with the sponsorship, we hope you and members of your firm will attend the Northwest section functions, to meet and connect with new people and catch up with old friends. Our sponsors have a lot of impact on the membership since it is your products and services that we utilize regularly, if not daily.

To become a Sustaining Sponsor of NWOWEA for the remainder of 2023 and all of 2024 and have your firm name and logo included on the Sponsor Board displayed at our section events through 2024, please submit a sponsorship donation by September 30, 2023. This will ensure that your firm will be on the Sponsor Board, for display at our next Section meeting. Donations received after this date will be added to the Sponsor Board for the 2024 meetings. The amount requested to be a sustaining sponsor of NWOWEA remains unchanged at \$150.

Checks should be made payable to NWOWEA. Please mail your donation to:

Dave Sprague, NWOWEA Treasurer  
625 W High Street  
St. Marys, OH 45885

There is also an event created on the OWEA website if you would like to pay electronically.

We will be updating our Sustaining Sponsor's Board after October 1st, which will be displayed at all the section meetings and functions. If you choose to sponsor the Northwest section, please forward an electronic copy of your company logo to [najerar@aol.com](mailto:najerar@aol.com) so we can show our appreciation for your support. Any questions can be directed to Renee at the email address above or by calling 419-631-2570.

The Executive Committee and members of NWOWEA thank you for your consideration. Your financial support and presence at our Association Events are greatly appreciated. If you have any questions or need more information, please don't hesitate to contact us.

Sincerely,

Renee Bodkins  
NWOWEA Section President 23-24
